2020 ACCESS TECH
INTERNSHIP PROGRAM

POWERED BY: AMERICA ON TECH

WWW.AMERICAONTECH.ORG/INTERNSHIPS
Established in 2014, America On Tech (AOT) is an award-winning nonprofit organization on a mission to prepare the next generation of technology leaders by creating pathways into degrees and careers in technology.

AOT runs technology courses for underestimated students to ensure their success in the innovation economy. Our courses focus on building their skills in areas such as web development, mobile development, UX design, data science, cyber security and digital marketing. Students in our programs are paired with mentors, receive professional development and gain access to paid internships opportunities.

2,000+ Students Reached  
70+ High School Partners  
100+ Corporate Partners  
500+ Volunteers Enrolled  
85% Alums in Tech Jobs/CS Degrees

Our work has received national media attention in Forbes, CNN, TechCrunch and other publications for its resounding success in developing diverse tech talent pipelines.
The 2020 Access Tech Internship Program provides 16-18 year olds a game-changing opportunity that puts the skills they have learned in our technology training programs into real-life work experiences with technologists in the field. The program aims to place students in some of the following areas:

- Software Engineering and Web Development
- Quality Assurance
- Project and Product Management
- User Experience and User Interface Design
- Digital and Social Media Marketing
- Data Science and Analytics

Our past internship hosts have been leading companies and organizations who are committed to creating pathways for young people into degrees and careers in technology. Select companies with which our students have obtained internships are listed below:
